Tax Advice

We only do tax! We understand that some tax issues become so complex that tax agents and business taxpayers need support to make the complicated become simple.

Our entire focus is on the needs and concerns of our members, whether they be tax agents or business taxpayers. To that end, we provide a tax service at an unprecedented level.

Education

The NTAA has the best tax seminars in Australia. Our tax seminars are well received and come complete with approximately 180-200 pages of notes and often include a bonus CD-Rom.

Tax-Intel

Members of the NTAA are entitled to three 10 minute consultations per year with our very own TaxTeam. The tax specialists who make up the TaxTeam will provide you with practical and, often, immediate direction to help you solve the problems your clients face.

Updates

All members receive copies of our **Voice** magazine, which is published 11 times a year. **Voice** is the Association's own monthly tax newsletter filled with tax updates, practice notes & practical checklists for use in your practice or business.

You can separately subscribe to our monthly tax program, Tax on the Couch. Each month we address all current tax issues that affect wage earners and family businesses. It is a lively review of tax changes and updates, available on CD Rom, DVD & Audio CD.

Members can also subscribe to our Practice Update service. This is a monthly newsletter which you send to your clients on *your letterhead*.
